Reaching Out To Family or Guardian...

In collaboration with family or guardian, our team creates an environment in which achieving the maximum level of wellness is encouraged. A resident's stay may vary from a few months to longer term depending on their needs. Respite services are also available when appropriate.

Creating A Calming Environment...

Every room is private, beautifully appointed and furnished with different room designs giving the residents the feeling of apartment living. The common rooms are anything but common; their expansive windows open out to striking views. All of this makes Robbie's Place a perfectly serene atmosphere for healing.

Common Areas Include:

- State-of-the-Art Kitchen
- Spacious Dining Room
- Oversized Living Room With Large Screen TV
- Fully Equipped Activities Room
